

SOUTHERN CAMP KEEPS UP LICK

From the Rhyolite Herald of the 13th inst., the following condensations are made:

The Penn Mining and Leasing company, which is operating on the Franklin property, is increasing its output. They now have three outfits hauling ore between Bullfrog and Goldfield.

"Shorty" Harris, the discoverer of the Bullfrog district, has returned to Rhyolite from a six months' prospecting trip in the Panamint country, south of Death Valley.

During the past week the leasers on the Diamond have sacked a half carload of ore.

A three stamp mill is working on ore from the Hayseed.

The Keane Wonder last month produced 1800 tons of ore from bullion of the value of \$15,000 which bullion to the value of \$15,000 was secured.

It is reported that the Potosi zinc mines at Goodsprings have been sold to the Empire Zinc company of Kansas.

Mrs. Annie McNeil, well known in the Bullfrog country as a professional nurse, died in Los Angeles last week.

CONSOLIDATED HAS BIG MONTH

The Consolidated company's mill at Goldfield last month handled 21,805 tons of ore of an average value of \$38.10 per ton, making a total production of \$830,634.

The total expense and cost of running the ore amounted to \$256,619, leaving a net profit for the month of \$574,015.

During the month, the manager's report reads, there were found some other showings of consequence, particularly in the Combination, where extensions were found of the Hampton stope, both upward and downward; but these discoveries were not on main levels. The greater part of the development work now going on is designed to open up new territory as fast as possible without stopping to look for ore until certain objective points have been reached.

BASEBALL NEXT SUNDAY.

Mike Cahalan of the Goldfield baseball team and Ed Malley of the home team got together yesterday by phone and arranged for a game by the two clubs, which will be pulled off next Sunday at the Tonopah grounds.

Cahalan has added some new timber to his Goldfield nine so it stands the local team in hand to get out and do some practicing. The game promises to be one of unusual interest and should attract a large crowd.

GOLDFIELD QUIET.

C. J. Blumenthal returned yesterday from a several days' visit to Goldfield. The sister camp, Mr. Blumenthal says, is quiet, but lively times are predicted for the fall. George Graham Rice's advent into the camp has served to boost the stocks somewhat and big things are looked for when his policies are inaugurated for the development of the Jumbo Extension.

BACK FROM LONG VISIT.

L. L. Blumenthal and wife returned yesterday from a visit to Portland that has taken up the greater part of the last six months. Louie says this time he is back to stay. The Oregon country is all right, but Tonopah goes it one better.

EMPLOYING 700 MEN.

The Consolidated Mines company at Goldfield is now employing 700 men in its mill and various mines. Last month fifty additional miners were put on and this month it is expected that a like number will be added to the force.

RETURNED FROM RENO.

Sheriff Dan Robb returned yesterday from Reno whither he went Saturday with Mrs. Lacey, an insane patient. She will be confined in the state insane asylum at Reno.

ANOTHER BOY BORN.

Sunday morning, August 14th, there arrived at the home of John Hawks, a fine baby boy. Mother and child are doing well.

DOING THEIR BEST TO STRAIGHTEN MATTERS

Hopes Entertained That at Meeting at San Francisco On the 22d Inst. Dexter Troubles Will Be Settled.

At the Dexter meeting, held in Tonopah ten days ago, the directors unanimously expressed their desire to reach a settlement, on all litigation affecting the company's interests, to work solely in the interests of the shareholders, and for the common benefit of the camp of Manhattan.

It was decided that no salaries will be paid to any officers of the company until such time as the condition of the company's treasury will permit, and then only such reasonable salary to the secretary as his duties justify. As royalties are received they will be applied in payment of the outstanding indebtedness of the company. Those holding judgments against the company agreed to cancel their judgments, taking in lieu thereof the notes of the company, the latter to be paid as royalties are received.

Since the directors' meeting a strong effort has been made by President Harris to secure the consent of the Jumping Jack and Stray Dog companies to the terms of the agreement arrived at between the leasing interests and the Dexter company. To that end, he submitted a proposal to a committee of said companies that they consent to the immediate resumption of work by leasers, on the understanding that all royalties are to be held in trust until all litigation is settled or an equitable basis of consolidation is agreed upon.

This proposal was declined by the committee of the Jumping Jack and Stray Dog companies on the ground that it would complicate the situation. In furtherance of a desire on the part of the Dexter company to arrive, if possible, at an early decision in the matter, a committee, consisting of President Harris, Vice President Van Dyck and Director Raycraft has been appointed to confer with the committee of the Jumping Jack and Stray Dog companies. A meeting is now being arranged to be held in San Francisco on the 22nd inst., and there is every assurance that a spirit of fairness will be shown by those representing the Dexter company, and if it is shown to be desirable an agreement of consolidation will be arrived at after an appraisal of the properties by a board of mining experts.

GLADYS FITSCH AT THE BUTLER

The Butler theater program for today is as follows: "The Tale of Two Coats" is a story of the misfortunes of two distinguished parties who get their suit cases tangled and the result is exceedingly comical. "Equal to the Emergency" is a comedy dealing with the life of a young couple who start their matrimonial ride under difficulties. The young wife shows she is equal to the emergency, however and fixes it so father is reconciled. "The Adopted daughter" is a melo-dramatic picture depicting the troubles of a young girl who is mistreated by her foster parents. "A Broken Symphony" is a dramatic love episode, depicting very graphically the hopeless, unspoken love of a poor deformed fiddler, who ultimately marries another. Miss Gladys Fitch appeared at each performance and her showing was exceptionally creditable. She has a sweet, mellow voice that is very pleasant and undoubtedly she will be the best attraction at the Butler theater has had for some time.

THIRD PARTY ENTERS SUIT AS INTERVENOR

In the case of the First National Bank of San Francisco versus the Tonopah Sewer and Drainage company, before the district court yesterday, M. Brooks, through Attorney Nye, entered his petition as intervenor.

In this case the San Francisco bank holds a bunch of stock of the sewer company, but the latter refuses to transfer the stock on the books of the company.

Key and Frank Pittman appear for the plaintiff, while in yesterday's proceedings P. M. Bowler was retained by the defendant to ask that certain parts be struck out of the complaint.

DRY FARMING CUP FOR BEST EXHIBIT

SPOKANE, Wash., August 15.—As evidence of his faith in the modern tillage and as a testimonial to the success of dry farming, Governor Marion E. Hay of Washington, offers a solid silver trophy cup, valued at \$250, as the grand prize for the best state exhibit, Washington barred, at the International Dry Farming exposition in connection with the 5th Dry Farming congress in Spokane, October 3 to 6. The gift is a private one. Governor Hay is a practical farmer.

Colorado captured the cups at the third and fourth congresses and exhibitions at Cheyenne, Wyoming and Billings, Montana, and has already notified John T. Burns, secretary-treasurer of the congress, that it will enter the state contest this year in an effort to win the third cup in succession.

Montana, however, has arisen to the occasion and is now gathering an exhibit that promises to be a worthy rival. Other competitors probably will be North Dakota, South Dakota, New Mexico, Texas, Oklahoma, Arizona, Nevada, Utah, Wyoming, western Kansas and Nebraska, Idaho and Oregon.
